the
Southern
Collection

More than just cabinets

Details in Design

Rich, warm and sophisticated, The Southern Collection exudes warmth and southern charm.

Southern Collection

Finish

Coastal colors influence this Florida kitchen. The sophisticated willow color with a soft brown glaze, brings definition to each detail of the doors and mouldings.

Seven bright and sunny colors with soft glazed finishes.

Breath of Fresh Air

The finish is a solid based stain which is then glazed to give The Southern Collection look. Each door is carefully finished to ensure that you receive a uniform look. Our finishes are second to none, available in a generous palette of beautiful colors all made to Luxor's high standards, this is truly a "Luxor Collection" piece.

Door Styles...

Bellevue

Carleton

Clarion

Vista

All doors and drawer fronts are made with a 3/4" thick medium density fibreboard panel routed to simulate a door with raised or flat panels as seen in the door pictures above.

The back of the doors will be finished with the same base coat without glazing.

Looking to make a statement?

Flexibility

If you desire something remarkably different, and you can't seem to find the perfect look, our Southern Collection offers the sophisticated look as well as a bright, cozy and comfortable feel. Custom cabinetry designed to represent your own personal style will truly make your kitchen unique.

Quality

Style

The Southern Collection translate your needs, tastes and sense of style into the functional home environment you've always wanted.

Luxor presents...

The Southern Collection

The Southern Collection is made of a one piece 3/4" thick panel of medium density fibreboard with a routed face that simulates a door with raised or flat panels.

Finish

The finish is a solid based stain with a glazed highlighting. The back of the doors will be finished with the same base coat without glazing. Color matching is not available for this collection.
